

THE THESPIANS.

The College dramatic club, "The Thespians," assisted by the Mandolin Club, has just concluded a brief but very successful season. The plays presented were "Lend Me Five Shillings" and "David Garrick." The first performance was given at home, Feb. 20, in the College Chapel. The boys met with a most hearty reception, and they deserved it, for they presented the plays in a manner which was highly creditable. The plays were more modern than many of those selected by the club in former years, and on this account met with perhaps a more general appreciation. E. T. McCleary in the role of Mr. Golightly and Squire Cluvy was almost faultless.

The following morning the amateur actors started on their trip. They played successively at Tyrone, Ridgway, Emporium and Lock Haven. They will be seen at home again during Commencement week. Below is given the cast of characters, and synopsis of "David Garrick," and the names of the members of the Mandolin Club.
