

Genoa, and other places of interest in the Mediterranean countries, and spent considerable time in and around Rome. The students gave him a hearty welcome home.

—A very gratifying recognition of the value of the work the College is doing is the action taken by the Farmers' Alliance and Industrial Union, which held its State convention at Williamsport recently. By resolution the delegates asked the State Legislature for \$10,000 for the Experiment Station and for \$25,000 for nature study and forestry.

—Owing to a scarcity of coal wood has been used for a time in the furnace of the Engineering Building.

—Contrary to custom '03 has decided to give an Easter dance. The committee in charge consists of Miles, Little, Yeakle, Chestnut, S. E. Miller, Norris and Snyder.

—The Y. M. C. A. entertainment course gave a net balance of \$215.65. The expenses were \$244.60. The Association wishes to heartily thank its friends for their liberal support.

—Bishop Talbot preached in the chapel Sunday, February 1st. His subject was the visit of the three Wise Men to the Christ, and the significance of the gifts they brought.

—The Coit Novelty Company gave a varied program in the chapel Saturday evening, February 7th. Mr. Coit entertained the audience with a line of jokes.

The reader, Miss Casterline, was extremely unfortunuate in having as her first selection "The Man Without a Country," which was given here by Mrs. Beecher just one week before. The audience was not interested, and she could gain no power over it. Lovers of violin music were gratified by the work of Miss Alexander. One of the chief sources of amusement was the imitation of various common sounds by Mr. McCormick. He excelled in his imitation of a young chicken, which by change of sound he seemed to shut up in a side room or in a hat.

The success of the evening was marred by the action of a number of students in the gallery.
