BASE BALL.

Candidates for the base ball team reported in the Armory on Saturday, January 31st and have since been practicing regularly. About fifty men have reported to Captian Rohrbach and the prospects for a first-class team this year are very bright. Almost all of last year's team, with one or two exceptions will be found again in their old positions, but some of them may have to hustle as the new material is very promising. Among the best of the new men are Williams, of the Boston National League team and McIlveen, both pitchers. Williams may not be able to play with the Varsity but he will be able to give them some excellent practice.
