STATE, 13—WILLIAMSPORT Y. M. C. A., 9.

The Williamsport Y. M. C. A. basket ball team came to State, March 19th, to again try conclusions with State's team. The game drew a large crowd, for it was well known that there would be a great struggle for supremacy. Rarely before has there been such enthusiastic cheering at a basket ball game here as the students gave at this one. There was something to cheer for. **The score fluctuated; first one side was ahead, then the other, and again there was a tie.**

The game was very fast, and full of good plays and rough encounters. Some one was heard to say, "I thought basket ball was a slow game, but——." There was no lagging, and State's men had some trouble in getting clear of the Y. M. C. A. men. State's superiority is shown by the score, and this time thirteen was the lucky number.

STATE.	POSITIONS.	WILLIAMSPORT.
