

## COMMITTEE REPORT

In order to define clearly the hitherto unwritten and often misunderstood customs and precedents of State College, a committee composed of five men from each of the two upper classes, met at the Track House on Friday evening, Oct. 14th, and drew up the following rules: This committee was instructed merely to put down in writing and in good form the customs of the college, so that the following rules must not be considered as final, but purely as recommendations for the consideration of the two upper classes. We suggest that the Senior and Junior classes hold meetings as soon as possible and act on these recommendations.

### WRESTLING MATCH.

(1.) The Sophomore-Freshman wrestling match shall be held at eight o'clock on the evening of the second Wednesday after the opening of the Fall term, weather permitting. If weather conditions should interfere, it shall be held on Thursday evening and so on until the match is pulled off.

(2.) The match shall be divided into three classes, lightweight, middleweight, and heavyweight. The contestant winning two falls out of three, shall be the victor in his class, and the side winning two classes of the three, shall be declared the winner of the match.

(3.) The bouts shall be decided as follows: 1st, lightweight; 2nd, middleweight, 3rd, heavyweight, and shall proceed in this order until one side shall have won a majority of the bouts in each class.

(4.) The candidates shall be weighed before the wrestling committee of each contesting class and the referee of the match, between the hours of seven and eight p. m., of the day of the contest.

(5.) The weights of the contestants in the three classes shall be limited as follows:

Lightweight, below 140 lbs.  
Middleweight, below 160 lbs.  
Heavyweight, 160 lbs or over.

### OTHER CONDITIONS.

The contestants shall wrestle catch-as-catch-can.

The "strangle" and "hammerlock" holds are barred.

Two shoulders shall be down for a "pin fall."

Flying or rolling falls not to be counted.

The contestants shall wrestle until either one or the other shall have secured a fall.

All disputes arising in the contest and not herein provided for, are to be settled by the referee of the match.

### CIDER RUSH.

*First.* That the area on which the cider must be placed to be legally "on the campus" be that extending from College Ave. to the road beyond the athletic field and included between Allen street and the white fence along the Experiment Station road.

*Second.* That the time for placing the cider in the above district be from 6 p. m. till 11 o'clock of any day (except Sunday) from the day following the wrestling match till the last day before the Thanksgiving vacation.

*Third.* That the Freshmen shall be declared winners if they succeed in placing a barrel of cider in the required area within the required time and in delivering some of this cider to any Juniors

*Fourth.* That the victory belong to the Sophomores if they foil all attempts to place the cider on the campus until the time limit or if they spill or capture the first cider that may be placed on the campus before any is delivered to a Junior.

*Fifth.* That if the cider is taken before it is within the prescribed limits the Freshmen have suffered merely a financial loss and may make another trial.

*Sixth.* The barrel shall go to the class winning the rush.

(Continued on page 4 Col. 3.)

## GET AWAKE!

What have you done? What are you doing? What are you going to do to make November 12th a day of victory for the Blue and White? State Collegians, your rivals are busy. *The Dickinsonian* last week sounded their cry, "Everybody for Williamsport." Are you going to keep on sleeping?

You have a team that can win the game but that does not let you off. Your presence is required each afternoon on the SIDE-LINES of Beaver Field. The best team in years is getting the poorest support at practice that any team within the writer's four year's experience has received. It is a lamentable fact that battalion drill is responsible for the absence of the under-classmen. But where are the upper classmen?

The men who were appointed to lead the cheering have had little to do. Not a single yell has been handed in and only two songs. It will be almost too late to compose these on the morning of the game. It is doubtful if they could be printed in time to be taken out to the field. See that they are written at least one day before the great day.

Get a committee appointed at once to make arrangements with the authorities and for transportation. There will be several class banquets on Friday night, Nov. 11th. These will take a large crowd down but the bulk of the students will go on Saturday. It is taken for granted that all will go.

REMEMBER! ONLY THREE WEEKS!

### CHANGE OF DATE.

Owing to unforeseen circumstances it has been found necessary to change the date of the Jacob A. Riis lecture from Friday, Nov. 4th, to Thursday, Nov. 3rd. It is hoped that this will be found even a better date than the one first advertised. The lecture will certainly be a treat, and everyone should avail himself of the opportunity to hear the man who has done so much for the poor of Greater New York.
