A significant movement among some of the large Universities is the establishment of mission work directly under the care of the University Associations. Yale has already established in one of the inland provinces of China, a Yale mission supported and manned by Yale men. The ultimate object is to provide for the establishing of a college which shall be Yale's gift to the young men of China. Harvard has lately inaugurated a similar movement with President Roosevelt of the class of 1880, as chairman of the Advisory Committee. India will be the field of Harvard's work.

Debating Club.

The meeting of the re-organized Debating Club on Saturday evening. Jan. 7th, in Room 367 was well attended. President Smith occupied the chair. A committee composed of Hunter '05, McDowell '07, and Wentzel '08 was appointed to draw up a constitution and by-laws, and report at the next meeting. It was decided to meet every Saturday evening, unless otherwise ordered by the President, at 7.30 o'clock in Room 367. An impromptu and highly interesting debate on the Eastern question was the literary feature of the evening.
