Debating Club.

On Saturday evening the Debating Club met in 367 and discussed the question, Resolved, That College examinations, should be abolished. The affirmative was upheld by Messrs A. M. Myers, Slater, Remick, and Wentzel; the negative by Messrs White, McDowell, Dry, and Little. Everybody interested should come out next Saturday and hear what the speakers have to say regarding compulsory Chapel attendance.

Track Prospects.

At present the outlook for a fast track team is very promising. A large number of candidates are working daily, and some of the new men are showing up well. The first contest of the year occurs next week, Saturday, April 29, when our relay team will compete in the athletic carnival to be held at Philadelphia under the auspices of the University of Pennsylvania. The colleges against which the team will compete are Bucknell, Dickinson, Lehigh, Lafayette, Carlisle Indians, and University of Virginia.

Among those who are showing up the best for the relay team are Arnold, '06, Kaiser, '06, Henry, '07, Stapler, '07, Long, '07, and Staud, '07. At a preliminary trial last Saturday these men all ran the quarter under 56 seconds with a cold day and a poor track. The final trials will be held Saturday afternoon of this week, and it is expected that some fast work will be shown.

In all branches of track work there are candidates, and the College will be strongly represented in the dual meets with Dickinson and with the Indians.

In the field events, Dunn, '08, and Wray, '07, should make good with the weights; Saunders is at his best as usual in the pole-volt and high-jump; and a number of candidates will try for the broad-jump.

On the track for the long distances Kaiser, '05, Lawsing, '08, are showing up well; in the half-mile Kaiser, '06, and Stapler, '07, are working hard; while for the sprints and the quarter there are numerous aspirants for athletic honors. Captain Hornbaker will be the mainstay in the hurdles.

There is plenty of material in the College and every effort is being made to develop it. "Pop" Golden is pleased at the outlook and the prospects for a fast all-round team are excellent.
