WEDNESDAY, MAY 3.

6.30 P. M. E. E. Society.

8.00 P. M. Natural History Club.

## E. E. Society Entertained.

Prof. and Mrs. J. P. Jackson very pleasantly entertained the members of the Electrical Engineering Society at their home on Wednesday evening of last week. The greater part of the evening was consumed in playing progressive euchre after which refreshments were served and toasts were responded to. The following officers were elected for the ensuing term: President, W. Kaiser, '05; Vice President, Kline, '06; Secretary, Foltz, '06; Treasurer, Gardner, '06; Executive Committee, Mr. Wood, Eshleman, '05, and Kuhn, '05; Marshal, Arnold, '06.

## Baseball.

Old Jupiter Pluvius, the Boss Rainmaker, was about the whole show around here during the latter portion of last week. On Wednesday the Johnstown Tri-State League team led by Captain-Manager Charlie Atherton came here to limber up for a few days, and for Thursday afternoon a match game was scheduled, which would surely have been a hot contest.

But on Thursday it rained!

Undaunted by this reverse Manager Stamm postponed the game until Friday afternoon!

But on Friday it rained!

Then Managers Stamm and Atherton put their heads together in disconsolate fashion and decided that Saturday afternoon would be the real thing, with the scene of operations transferred from State College to Johnstown.

But on Saturday it didn't rain!

However, the plentiful precipitations of the preceding days had rendered the Johnstown ball park in a condition unspeakable. Hence Old Jupe Pluvius is the only thing that has been mean enough to defeat State's Varsity nine this season up to April 24th.

Tuesday morning, April 25th, our baseball team left on its Eastern trip, which is in many respects the most difficult journey ever taken by a State nine. The games will be played with the following teams: Tuesday, Dickinson at Carlisle; Wednesday, West Point at West Point; Thursday, Fordham at New York; Friday, Manhattan at New York, and on Saturday, Lafayette at Easton.

The next home game will be with Dickinson on Friday, May 5th.

## A. A. Meeting.

A very important meeting of the Athletic Association was held last Monday evening at which a number of things were discussed which needed immediate attention. Chief among these was the voting of \$250 from the Athletic Association Treasury for bleachers, provided that the board of trustees of the College donate an additional \$200. The bleachers are to be located on the same site as those which were burned in the celebration of the victory over W. U. P. two years ago.

A committee was appointed to investigate certain old bills which it is claimed by some should be paid by the Athletic Association. The Tennis Cup presented by Mr. Stevenson, '95, was accepted. It was decided to build a new baseball field between the B@II house and Annex No. 2. The assistant baseball manager was authorized to arrange inter-class baseball games which would be contested for a loving cup as in the other branches of sport. The shape of the track. "S" was changed to a smaller and neater design, as it was thought that the present "S" was too large. Hereafter a complete record of each game will be kept by the managers of the respective Varsity teams and these records are to be kept on file by the secretary of the association for future reference. A number of amendments to the constitution were ratified. The meeting concluded with the nomination of officers for the Athletic Association and of assistant football manager.

Yale will soon establish a branch college in China.
