Track and Field.

Now that the relay team has proved that State has good athletic material for track events, it should be pride of the student-body to support in every way track athletics. There remain three important dual meets to be contested by State's Varsity team: Dickinson at Carlisle on Saturday, May 20; Carlisle Indians on Monday, May 22, and the Commencement meet with the Indians here at State.

Those who are out for the team are working faithfully, and prospects are good for a fast all-round squad. But there is a lot of good material in the college that is not being developed, whether from doubting of one's ability, or because of too much college work, or on account of pure indifference, we do not know. What we need are more second place men; men who make it possible for State to win both first and second places in a contest. A large number of second-places go a long way toward the winning of an athletic meet. With the outgoing Senior class will pass some of State's stand-bys, and their places must be filled by the under-classmen. In the hurdles, high and broad jumps, and pole vault, candidates are especially needed for development for next year's team.

Think it over, under-classmen, and then act!
