

the Conference a committee was appointed to arrange a baseball schedule and a tennis tournament. This committee also arranged for the contests in field events and water sports which were held on Saturday afternoon. The various delegations entered into these contests and games with regular college vim.

The greatest rivalry seemed to be in baseball. Generally two five inning games were played each afternoon. The team composed of men from the various Pennsylvania delegations played winning ball. They were to meet in the final game with the Oberlin College fellows but rain prevented the game from being played.

The tennis tournament was hotly contested. A long list of doubles had to be played off. Morgan and Woodcock of our delegation played in the semi-finals. The Johns Hopkins men won in the finals from the two who had won the Seasons Amateur Tennis Championship of the colleges of Ohio.

A plunge from the pier or a boatripe on the bay was a fine way to close the afternoon of recreation. A few minutes just before supper found the whole Conference, young and old, enjoying the lake. The water sports were pulled off on Saturday afternoon. The Canadians won the rowing matches. There were many entries for the various swimming and diving events. Rainey was an easy winner in the long dive and in the long dis-

tance swim under water. The water sports wound up with jilting bouts which furnished great amusement.

These sports, interspersed with strolls along the wooded shores of the lake, an excursion across the bay to Kelley's Island or an afternoon journey to Put In Bay, the scene of Perry's victory, helped to make these ten days long to be remembered.

But our memory lingers about another scene.

The sun is dipping into the lake and a gentle breeze is just dimpling its glassy surface. All is silence. The

pleasures of the afternoon have been forgotten and those three hundred men are seated in the grove a few feet from the water's edge. Of Whom are they thinking? Listen, the quartet is softly singing,—

“O Galilee, blue Galilee,
Thy waves bring back His voice to me.
Like golden chimes on silver sea:
O Galilee, blue Galilee.”

Sophomores Win Inter-class Track Meet.

The class of 1907 came out victorious in the inter-class track meet held on Beaver Field last Saturday afternoon. The weather was splendid for a field meet, the track was in fairly good condition, and some fast time was made.

Soon after the beginning of the events it became evident that the ultimate victory would be between the Seniors and the Sophomores, as the other two classes were “not in the running.” Every race was interesting and well-run. The final result was doubtful up to the last event, the broad jump, which Montz won for 1907 by a jump of 21 feet 6 1-2 inches. The final score: was 1907, 42 points; 1905,

36 points; 1908, 22 points; and 1906, 17 points.

In the hundred yard dash, Henry of 1907, ran a magnificent race, winning in 10 1-5 seconds, thus equaling the college record. In the high hurdles Forkum, '05, won out in 15 1-5 seconds making a new college record, and equaling the Inter-collegiate record held by A. C. Kraenslin of Pennsylvania. It is doubtful if this record will be allowed to stand as he knocked over all the hurdles; in fact, veritabily “scattered ruin in his path.” Not finding any definite ruling in the matter, “Pop” Golden has written to George W. Orton, an authority on track athletics, and a decision will be withheld until he has been heard from. The general belief is, however, that the first and last hurdles should be cleared entirely

if a record is to hold.

In the mile run Gregg, '07, gave J Kaiser, '06 a merry chase, losing by a short margin but forcing Kaiser to run his best race thus far, the time being 4.48.

Each event was, in its own way, interesting and exciting, and the time and distances indicate that a team worthy in every way of representing State can be sent down to Carlisle this week to meet Dickinson and the Indians.
