"KNACK" or "KNOW-HOW" in
Clothes Making, call it what you will,
"SIM" models embody it. They press their
claim upon your attention by the distinc-
tiveness of the patterns, the excellency of
the workmanship and their conformity to
the latest whisper of the mode. Prices
are their winning features, because they're
just moderate enough.

Word has been received recently of
the death of L. M. Moser, '98, while
foraging a stream near Ziegler, Ill. Mr.
Moser graduated a Civil Engineer and
has been employed in the Construction
Department of the Illinois Central Rail-
road ever since. At the time of his
death he was laying a short connection
line for this company. On May 1st
he attempted to drive across a stream
but it was deeper than he thought and
as he was unable to swim he was
drowned.

Herbert McIntosh.

Herbert McIntosh, who was drowned
May 7 while fishing in the woods of
Maine, was a member of the class of
1906 during its preparatory year and
for a very short time in the Freshman
year. He was popular with the stu-
dent-body while here and was a pledged
member of the Kappa Sigma fra-
ternity. When he left he went to
Bellefonte Academy a short time and
then to W. U. P. He was in Maine
representing his father's interests in
the Maine Hub Manufacturing Com-
pany.

A Correction.

In our account of the last baseball
trip the statement was made that the
cancelled Lafayette game could have
been played. Since then we have
learned that the grounds were in poor
condition and that our manager favored
the cancellation of the game. We are
glad to have the opportunity of making
this correction.

The Flag Scrap.

The flag has come and gone, and,
although there was a dispute between
the upper classes as to the result, it
was finally decided in favor of the
Freshmen. The latter inaugurated a
new trick this year by bringing on the
flag after daylight; it was a quarter
past seven last Tuesday morning when
the pole was erected several hundred
feet back of the Beta Theta Pi House.
Cal Moorhead occupied a position at
the top of the pole. The flag was im-
mediately surrounded by members of
both classes and some lively hand-to-
hand wrestling occurred. At eight
o'clock there was some dispute as to
the advisability of calling off the scrap
in favor of 1908. However, the
Sophomores agreed that if the Fresh-
men unfurled their flag, which by the
way was bound to the pole, the former
would acknowledge their defeat. With
the help of a ladder this was done,
class yells were given and 1907 re-
tired.

Summer Employment.

We have a most profitable propo-
sition for summer work for college-
men. It can be worked alone, or as
a side-line in connection with sub-
scription-books, etc. If you are go-
ing out with any proposition this
summer, write us for our plan. It
contains features which make the
work easy, enjoyable and most pro-
fitable. **THE CROWELL PUB-
