

LOCALS.

Willis J. Hulings, ex-'07, is engaged in mining work in Mexico.

R. C. Landes, '06, entertained his brother, P. S. Landes, of Brazil last Saturday.

It is reported that Moscript has left college. This is bad news for football enthusiasts.

The Senior and Junior Mechanical Engineers enjoyed a "Feed" at the restaurant last Thursday evening.

A light in front of McAllister Hall to light up the approach to the building would be much appreciated.

D. K. Sloan, '09, the heavyweight Freshman wrestler is confined to his home at Orangeville with an attack of typhoid fever.

P. W. Flint of Charleston, South Carolina, has been appointed Assistant Chemist at the Experiment Station in place of A. W. Clark, resigned.

The students are invited to attend a social to be given Friday evening by the T. M. W. Club and the Epworth League at the home of Dr. W. S. Glenn.

Honhart, ex-'08, who played a star game with State last year is half back on the Springfield Training School Team which recently held Harvard down to 12-0.

The President announced in Chapel last Monday that the Seniors appoint two men to deliver addresses as part of the celebrations for Lincoln Day which is always observed here. As yet the class has not met to take action.

The local Experiment Station had exhibits at the Chester county agricultural association exhibition, at the Fair of the Centre County Agricultural Exhibiting Company at Bellefonte, and at the Encampment and Exhibition of the Patrons of Husbandry of Central Pennsylvania at Centre Hall.

James Hammond, ex-'06, is in business in Altoona. He will not return to college.

The main section of the agricultural building is assuming a good appearance. The building will be finished in good time for Commencement.

The direct current electrical laboratory equipment has been increased by the addition of a four pole Westinghouse machine of twenty K. W. capacity.

H. E. Diller, ex-'00, is with the Western Electric Company, and will have charge of the Electrical Testing Laboratory as soon as it is completed.

The hotel is rapidly nearing completion. The Co-op which has engaged the corner store will probably be able to move into its new quarters during Christmas vacation.

Prof. Surface delivered a lecture before the Natural History Club on Wednesday of last week. The subject of his address was the "Economic Value of Birds and Insects." Lantern slides were used to illustrate the lecture.

A Question.

When Peary has conquered the legions of snow

That guard the approach to the pole,

And has paid in starvation and weakness and woe

The way to the coveted goal;

When he's braved all the perils of Arctic device

And has bearded the frost in its lair,

Will he find, as he climbs o're the last pile of ice,

A Carnegie library there?
