

Good Work.

By dint of much planning and labor on the part of a few interested ones, a "State" Song Book is about to be published, and is expected to be put on sale before Christmas.

This book is designed to meet the wishes of every State man, and contains all the songs written for the College on different occasions, besides the words to all the best football songs that have been written by students, and several new adaptations and arrangements of old songs. In addition, a careful compilation has been made from other college song books, making in all about one hundred songs that should appeal to every man.

This book is a thing that has been needed for a long time, and now that it is a reality, it should stir the loyalty and devotion of every one connected with old "State."

Let every one support this movement by buying one or more of these books as soon as they are on sale. They will make excellent Christmas gifts for friends.
