

Library Notes.

The Librarian has received a letter from General Charles Miller of Franklin, Pennsylvania, authorizing the subscription on behalf of the Library to Alleyne Ireland's Report on Colonial Administration in the Far East. The Report will be issued by Small, Maynard and Co., but owing to cost is prohibitive to all but the larger libraries. We count ourselves, therefore, doubly favored in having the wise generosity of General Miller in this instance. The Report is prepared on behalf of The University of Chicago, by Mr. Ireland, who has lived nine years in the Colonies and Dependencies of the Far East, who has had every courtesy and aid extended by the English, German, French and American Home and Foreign Offices, and whose previous works on Tropical Colonization, The Far Eastern Tropics, and the Anglo-Boer Conflict prove his personal and literary qualities for the task in hand.

Donors during the past week include also:

General James A. Beaver, Six Volumes; The State Library, Harrisburg, one hundred and twenty-three volumes to fill sets; Patent Office of Great Britain, The Illustrated Patent Office Gazette. The latter may be currently found in the Engineering Alcove.

Attention is directed to the following Articles in the March Magazines, as interesting and instructive:

M. Mulvina: Her Life and Works—Atlantic; The Making of a Doctor of Divinity—Century; The University of Geneva—Harper's; The Anatomy of a Steel Rail (Popular, but graphic and interesting)—Harper's; The Growth of Fletcherism. (Simple Living and perfect feeding)—World's Work; The Flowing Road—Scribner's; In Western Camps. Bishop Talbot—Harper's; Newspaper Football—Popular Science Monthly. (Follows up and sifts to the bottom, the accounts of injuries and fatalities in Football. Concludes that two kinds of football are played, real field football, and newspaper football.)
