

## Far Sighted Preparation

An intimate acquaintance with the needs of properly attired men, the know-how and ability to produce results, are the seeds from which our splendid Spring Clothing has grown.

In full bloom for Easter buying:

### SUITS TOPCOATS RAINCOATS

The handsomest showing we have ever made.

Literally hundreds of the newest Men's Suits, giving a choice in fabric-effect limited only by fashion.

The individuality, the easy grace, the excellent and clearly defined points of style, give each garment that distinct and smart eye winning attractiveness prized by all, and found in very few clothes.
