

When precedent and progress clash, drop precedent. Cut loose from any sentiment, custom or habit, that stands between you and the satisfaction of wearing the most stylish and best fitting apparel.

If you have never tried any of our ready-to-wear (hand tailored) garments; if you've been accustomed to made-to-order clothes or the ordinary ready-made garments, you'll find a vast difference when once you don our clothes.

Skeptical men — prejudiced men — hard-to-fit-fellows — This advertisement is directed to you. No matter what success you've had in other clothes, come here and slip into several of our garments. The fit-style will be a pleasant surprise to you when once you try them on.

There's none made to surpass them, except by a limited few exclusive custom tailors—their prices \$40 to \$70 the suit.

Designed by master minds, tailored by hand by expert craftsmen. We have them here in a variety of models for men of all sizes and figures, so as to insure you a proper fit.

No description can do justice to the superiority of these clothes. The clothes themselves are the best argument.

Hand tailored sack suits, \$15 to \$28.

Machine constructed clothing, \$10 and \$12.50.
