

ALUMNI.

Edward U. Smith, ex-'97, has resigned his position in the Draw-bridge Dept. of the American Bridge Co., Ambridge, Pa., and has accepted a position with the Pittsburg Railways Company to design the bridges for the new Pittsburg, Washington and Wheeling Electric Road.

R. P. Campbell, '04, is with the Bridge Dept. of Riter Conley Mfg. Co. of Pittsburg.

Kicklet.

We would suggest an occasional test for the fire-hose in the Main Building. Most of it hasn't been tested for years, and the other only when some "rough-house" is on. "An ounce of prevention," etc. It would be no fun to have all the hose burst when most needed. Too much care can not be taken to insure against damage and possible loss of life in a building as Main. Is a word to the wise sufficient?
