

last few years. Why, I have parents come to me with tears in their eyes and ask me to tell them how they can get their boys through college with only the small sum of money they can afford to do it with. Even your self-made man isn't satisfied unless his son can go to college."—Exchange

Exhibition Drill of Cadets.

The battalion made a splendid appearance at the annual exhibition drill held yesterday afternoon.

The campus was alive with Commencement guests who watched the movements with interest and admiration.

There were company drills, battalion formations and dress parades, while the execution of the movements was accomplished with a correctness that reflected great credit on the Commandant, Capt. W. H. Hay, and his assistants, Cadet Major B. W. Kline '06, and fellow cadet officers.

The "Plovers" Victorious.

The "Plovers," the new Socialistic Society at the Track House met and defeated Joe Shed's Colts on Beaver Field Monday morning amid tremendous excitement. General Joe's forces were proud and boastful over their recent victory over the "Scrubs", but the gallant Plovers captained by "Mother" Dunn and "Bings" were too fast on the finish for the young Colts. In the last inning, with the Plovers two runs behind, "Old Joe" himself got excited and made a "sky-rocket" throw giving the victory to the Plovers.

The Score:—

	1	2	3	4	5	6	7	8	9	R	H	E
Shed's Colts.....	1	1	0	0	5	0	0	0	—	7	7	5
The Plovers.....	0	0	0	1	0	1	2	1	3	—	8	6

Batteries—Fields, and Skemp and Harper, Burns Wilber and Conklin.
*Winning run made with none out. Umpire—Mitinger.

Professor Joseph John Thomson, the well-known physicist in an address before the students of Cambridge, England, said that his wide experience among students proved conclusively to himself that the American University student is the most enthusiastic student of the world.

The Class of 1906.

Continued from page 1.

from all parts of the state, nearly every county being represented. The largest number from one city is five, Harrisburg sending that number. York and Scranton each send four. Pittsburg, Greensburg, and Oil City each three. Wolff hails from Bermuda Islands, while Landes represents Brazil.

The average age of the members of the class is 23. Four are married—Reigart, Kauffman, Wood and Price. The class has but one lady member, Miss Glenn, of State College. The four Presidents have been J. G. McGee, Hays, Foltz, and G. J. R. McGee.

The class has contributed much to athletic life in State. On the football field four of its men have won the 'varsity "S"—Yeckley, Barr, Fawkes G. J. R. McGee. The "S" has also been won in baseball by Kilmer and J. K. Mahaffey, in basketball by Caswell, Foltz, Kilmer, Yeckley, and Heaton, and on the track by Kaiser and Arnold.

The members of this class will be missed in every department of college work. As has been said, their work in athletics deserves only praises; they have contributed to the literary life of the school, and we believe that our College is better for their having been here. May they be successful in the work which they are about to take up.

Their work for State, however, will continue. They have been prepared for their life work by her, and they owe it to their Alma Mater to make the best of their opportunities, and help advance the prosperity of State.

In order that the Lehigh University athletic standard may not be lowered by misrepresentations sent out to metropolitan papers when unofficial teams play away from home and very often are defeated, the university faculty has adopted this resolution: "Organized bodies of Lehigh University students are prohibited from leaving town at times when the university is in session, unless they obtain permission of the faculty."
