## DO YOU KNOW

THAT it is really one of the severest tests of tailoring to make a good form-defining coat?

That's why you've seen so many queer-looking form-fitting coats, about this Fall.

It takes a master designer to model a form-defining coat so that in following the outlines of the figure, it imparts grace and distinction—in fact, really gives one a better figure.

You will more readily appreciate the swaggerness of the Hart Schaffner & Marx form-defining coats after you have first tried on some other.
