

The Pennsylvania State College

will hereafter endeavor to maintain
the following courses of study:

I. General Courses:

General Science
Classical
Latin Scientific

Modern Language
and Literature
Philosophy

II. Technical Courses:

Agriculture
Biology
Chemistry
Civil Engineering
Electrical Engineering

Industrial Chemistry
Mathematics
Mechanical Engineering
Mines and Metallurgy
Physics

Some of these courses in the past have not been well patronized. An effort is being made to remove the causes which have operated against them, and in this, the aid and encouragement of students, alumni and friends of the College is solicited. § § § § § § § §
