

The Week in Football.

The games of the week among our opponents were free from any unusual features, and were fairly representative of the kind of work they have been doing all season. A careful analysis of them should indicate fairly well what State has to expect for the remaining four games.

The result of Saturday's game between Dickinson and Lehigh was another of this season's oft occurring 0-0 scores. Dickinson, in spite of superior weight, was unable to gain through Lehigh's line, and the game became a punting duel, each team making only one first down in the first half. In the second half, the ball was mostly in Dickinson's territory, through Lehigh's line gains. Captain Davis played the best game for Dickinson. He tried two placement kicks in each half, both of which went wild. The Carlisle team's defense will have to be strengthened materially to resist Captain Dunn's warriors, and yet they always put up their best game against State.

Although W. U. P. met defeat at the hands of Cornell, the first touchdown toward the 23-0 score was made only after eighteen minutes of play. The stubborn defense of W. U. P. and a series of penalties prevented Cornell from crossing the goal line till near the end of the first half. A placement goal soon afterward ended the scoring for that half. Two touchdowns were added in the second. Cornell's team was, with a single exception, the same one used against Princeton, and W. U. P. was saved a crushing defeat only by Cornell's poorly directed attack.

West Virginia completely swamped Carnegie Tech. in a very one-sided game. In spite of the fact that almost an entire scrub team was substituted in the second half, the final score stands 51-0. Every man played a star game, and the team work was excellent. Throughout the season, Coach Forkum's squad has played high class football very consistently, and will probably give State one of the hardest battles in

our schedule. As West Virginia is fully up to last year's strength, there is every indication that the memorable struggle of last fall will be repeated this year.

ALUMNI.

Two recent visitors at the College were K. L. Gilson, '06, and G. C. Glenn, '06. Mr. Glenn has been in mining work at Jeddo, Pa. Mr. Gilson has been in West Virginia, but expects to go in the near future to Indian Territory, where he will become Assistant Engineer for a mining company.

We wish to correct a statement made in a previous issue to the effect that J. Harry Yarnall and B. C. Butler, both of the class of 1905, are on the engineering staff of the Boston Elevated Co. Both these men are at present employed in the office of the electrical engineer of the above mentioned system.
