When our Carnegie Library was dedicated on Pennsylvania Day, two years ago, no one, probably, would have dared to anticipate such success as it has attained up to the present time. Progress along every line has been noted and it has grown to such a degree as to make it a gathering point of the men of all courses. No other building on the campus contains such an interest for every student; no other opens up such illimitable opportunities for advancement and the pursuit of knowledge.

In the old cramped quarters in the Main Building, the Library did not accomplish so much as might have been expected. The limited space was a hindrance to work and the number of books and magazines was small. In the present happy location, however, the well-lighted building and the abundance of books and periodicals conduce to make the Library an excellent workshop for

those who wish to acquire an education.

State may well feel proud of the victory achieved by her foot ball team in Williamsport last Saturday. By defeating Dickinson, a three-fold result has been effected; the "third year hoodoo" has been utterly routed, another addition has been made to State's long list of victories gained, and Dickinson's proud record of an uncrossed goal line has been shattered. It is true that W. and J. scored on Dickinson by means of a touchback; but the strong defense of the Red and White, led by Captain Davis, has succeeded in preventing every team except that from State from ploughing through for a touchdown.

Every indication pointed to a hard game, and State's coaches and players were aware of the fact that their opponents were out for the game of their lives. The Carlisle aggregation was making an heroic effort to preserve their record of winning every third game as well as to make State feel the sting of defeat in the midst of her most successful football season.

Up to the present time, no team except Yale has scored on State, and the victory last Saturday has only encouraged the players to greater efforts. Only two games yet remain, and with the spirit now shown it will be a difficult matter for either West Virginia or W. U. P. to score against State's determined Varsity.

We are led to believe that very few of State's undergraduates know the real significance of Pennsylvania Day. About four or five years ago, the Board of Trustees, upon the suggestion of our late President. Dr. Atherton, set aside a day styled Governor's Day. At this time it was intended that the Governor, accompanied by men prominent in State affairs, should address the

student body, and that other exercises appropriate to such an occasion should be held.

The first Governor's Day was observed with the Governor and a number of State troops in attendance. The exercises were conducted during a pouring rain, and those who walked about the parade grounds in the afternoon were forced to wade through mud at least ankle-deep. Nevertheless, the occasion was a great success, and since then it has been an annual holiday at the College, although held under a different name—Pennsylvania Day.

Pennsylvania Day now serves to recall the fact that this College is the State College of the great Commonwealth of Pennsylvania. By such exercises, the students are thrown prominently before the State officials and especially before those who are always interested in our institution. Each year this event becomes more prominent and important as a feature of State's undergraduate life.
