

The Pennsylvania State College

will hereafter endeavor to maintain
the following courses of study:

I. General Courses:

General Science	Modern Language
Classical	and Literature
Latin Scientific	Philosophy

II. Technical Courses:

Agriculture	Industrial Chemistry
Biology	Mathematics
Chemistry	Mechanical Engineering
Civil Engineering	Mines and Metallurgy
Electrical Engineering	Physics

Some of these courses in the past have not been well patronized. An effort is being made to remove the causes which have operated against them, and in this, the aid and encouragement of students, alumni and friends of the College is solicited. § § § § § § § §
