Tramp: Say, Mister, do you have any useless thing about the place?

Old Man: Yes, there's my son Bill, who is home from college and a lot of his trash that I would be glad to part with.

In Physics: No, No, the days are not long in summer and short in winter because heat expands, and cold contracts different things.

COLLEGE ORBIT.

The faculty of the University of Maine recently passed a resolution making gymnasium work compulsory for sophomores and juniors. This resolution went into effect the first of February at the opening of the spring term. Members of these two classes in athletic training are excused from this work. The course is elective for freshmen and seniors. Credit is given for this work on the basis of four hours being equivalent to one of recitation work.—Ex.

Coach Yost, of the Michigan football team, does not agree with the rules committee that the code has been a success. The Wolverine coach says four downs instead of three should be given in the ten yards of required gain.—Ex.
