

COLLEGE NOTES.

The recent innovation of roller skating in the Armory has so injured the floor that it will probably not be permitted again.

It is reported that Mr. Parker is about to add a course of instruction in automobile repair work to the curriculum of his department. He spent some time on the "Red Dragon" this winter and a shortage of time cards was threatened, but it finally received his official stamp. Since his debut last week he has gained considerable experience in emergency repair work and at the last report was still at it.

The Johnstown Tri-State team which has been training at State for several weeks left a few days ago. Charles M. Atherton '92 is manager of the team.

M. L. Roper '06 was a recent visitor at the college. Mr. Roper is employed by the Westinghouse company at East Pittsburg.

Prof. Surface has recently been reappointed State Zoologist for the ensuing four years by Governor Stuart.

"Price," addressing the Schenectady alumni:—"Gentlemen, we need money at State for more instructors. We have a 'bum' teaching force."

Ketcham '04, (interrupting):—"Hard luck, Dennington."

Prof. Watson has left State for a year and a half to manage a farm of the Solway Process Co., at Tully, New York.

The game scheduled for March 29th at Lynchburg, Va., with A. and M. College of North Carolina, was called off, as it was found impossible for State to make the jump from Mercersburg to the scheduled city in time.

There's a saying old and musty,
Yet 'tis ever true;
Never trouble trouble
Till trouble troubles you.

The Hundred Yard Dash.

Give me a race that is run apace
From the start to the finish line;
A breath or two, and the race is
through,
While the seconds mark the time.
"Last call for the hundred," the
cry comes clear,
And the runners take their place,
Each digs a hole with a spiked sole,
For the start may decide the race.
"On your marks"!—"Get set"!—a
pistol crack;
They're off like the whistling wind;
'Tis glorious speed for the man in
the lead,
But woe to the man behind.
The cinders burn under feet that
spurn
The ground as they fall and rise;
The muscles strain; each breath is
pain;
There's a mist before the eyes.
The seconds click to the stop watch
tick
An even ten—no more;
A ringing cheer from the crowd so
near,
For it means a perfect score.
O, honor the man, who only can
Bear off the victory;
But honor, too, those others who
Run true and faithfully,
So give us a race that is run apace
From the start to the breaking tape;
A breath or two and the race is
through
With a victory for State.

Bowling League.

The contests between the Kappa Sigma and Phi Delta Theta teams shortly before vacation closed the second annual inter-fraternity bowling tournament. The highest percentage was made by the Sigma Chi team which also won the pennant last year.

Intense interest and rivalry were manifested in the games of the past season and a league will undoubtedly be formed next year.

A Harvard Man,

whom we placed with a large publishing house a year ago has just been advanced to the managership of an important department. He's only one of the 1500 college men placed in satisfactory positions last year. In each of our offices is a department exclusively for college men. Each man's case receives personal attention and our employment experts find for him the position in business, in teaching or in technical work which he is best fitted to fill. Write us to-day and we will tell you what we can do for you.
