

**St. John's College Defeated.**

The varsity defeated the St. John's College nine on their first appearance upon Beaver Field, and although the score was rather one-sided, the Maryland collegians fought hard at all stages. This decisive victory is the more pleasing because of the fact that St. John's defeated our team last year in their opening game of the season at Annapolis. In the recent game Saltry pitched well for the visitors, but State's batters swung the ask. when hits meant runs, while St. John's infield proved a bit unsteady. Lynch for the varsity pitched good ball for six innings allowing but two hits, while the visitors were very lucky to get their only two runs in the seventh.

**State—Dickinson Debate.**

The fourth year of the Intercollegiate Debating League of Pennsylvania will be closed by the final contest with our old rival, Dickinson, at Franklin and Marshall college tomorrow evening. As Dickinson defeated Swarthmore and State won the decision from Franklin and Marshall, the winner of this contest

will be champion for the year.

During the four years of the league's existence Dickinson has placed four victories to her credit as compared with three for State, two for Franklin and Marshall, and two for Swarthmore. Each of the members has won the championship except Dickinson and it would seem to be her turn to triumph this year. However, she has been in the final each year, but has never gained supremacy, and our team expects to come back in possession of first place in the league.

State will be represented by Grotr, '07, Braucher '08, and Borland, '09, with McCready, '10, as alternate. The resignation of

Wentzel handicaps our team somewhat, but as Dickinson has suffered a similar loss, matters will be about even. Quite a number of the Carlisle collegians expect to accompany their team to Lancaster and hope to cheer them on to victory.

LOST—Jeweled Φ Σ K fraternity pin. Suitable reward for return to 312 Main or Φ Σ K house.

H. F. McKnight, '04, is now located at Earlston, Bedford County.
