

### Athletic Association Meeting.

At the meeting of the association last week nominations were made for officers for the coming year and other important business was transacted. It was voted to present to each member of the varsity football squad who won his "S" during the season of 1906 a gold watch fob of football design. Because of the brilliant work performed by "Mother" Dunn he will receive a fob of special design. McIlveen will also be favored with the gift of a baseball fob on which is to be engraved the score of the last three Princeton games. We owe each one of these victories to the magnificent pitching of "Mac." Bellefonte academy has scheduled a game with Kiski on May 20th and it was voted to allow the academy the use of Beaver field on that day. J. C. Gotwals, '06, proposed an amendment to the constitution. He suggested that hereafter three assistant football managers should be elected and out of these three the manager for the following season should be chosen. His proposal is considered a very good one and will receive final action in the near future.
