

The Electrical Honor System.

After many hours devoted to earnest discussion the Electrical Engineering society has finally adopted a strong and definite group of articles to be known as "The Honor System of the Senior and Junior Electricals." Under the new rules each student, to make his examination valid, must, when he hands in his paper, sign the following declaration: "I pledge my honor that I have neither given nor received aid in this examination." Every member of the society is also required to sign his name to the whole constitution which provides methods of dealing with dishonesty, and binds every signer to "use his influence in maintaining a high standard of honor in his section." "Aid" is defined as "written, printed, or spoken assistance of any kind." In consequence of the adoption of this system no faculty surveillance will be exercised during examinations and written quizzes beginning with the final examinations of this year.

The remaining articles deal with the method of enforcing the system and are quoted in full:—

ARTICLE IV

Should there ever be any violation of this Honor System the detector shall at once quietly inform the offending party of the detection. Should the offender persist, the attention of at least one other person may be called to the matter. The case shall then be carried to a committee which shall conduct an investigation. In case of conviction the offender shall be barred indefinitely from all recitations in Electrical Engineering.

ARTICLE V.

The committee mentioned in the foregoing section shall be elected by the Senior and Junior Electricals immediately before each examination week and shall continue to exist until the next election. The members of the committee shall be five

in number. The committee shall choose their chairman and other officers from among their own number.

ARTICLE VI.

Unanimous vote shall in all cases be necessary for conviction. Trials shall be conducted in secret. The accused shall have the privilege of engaging counsel for himself and the right to call witnesses in his favor.

The provisions of this system will apply to all recitations and examinations of the Senior and Junior Electricals.

Financial Report.

The following is the financial statement of the Christian Association for the fiscal year April 1906—April 1907, as presented by the treasurer, W. F. H. Wentzel, and approved by the auditing committee, Prof. Willard, A. M. Myers, and J. B. Watson:

Disbursements—(Books—Bible study and mission study) \$108.25, conferences (Northfield and presidents) \$100.60, printing \$86.35, entertainment course \$546, State and International committees \$80, Social committee \$95.50, Religious Work committee \$17.25, Advisory committee \$100, New Student committee \$5, office and janitor expenses \$23.76, State Collegian (for printing report) \$5.50, handbook deficit \$33.90—\$1202.11, Balance in treasury \$251.14—\$1453.25.

Receipts—Members' dues \$221.50, entertainment course \$876.96, books sold \$44.50, Northfield refund \$13.60, balance from previous year \$296.69—\$1453.25.

A Warning.

The gang of amateur burglars who have been operating for the past year or two in our community will do well to take the timely warning that no discrimination will be made between them and professionals in

the event of discovery, and that when they invade an occupied dwelling they do so at the peril of life or limb. A word to the wise is sufficient.

Graduate Schools of Harvard University

The following professional schools in Harvard University are open to holders of a bachelor's degree.

Law School

A three years' course leads to the degree of LL. B. Residence for three years is required, but residence at another three year's school may be accepted as a substitute for one of the years of residence at this school. Three annual examinations are required. Inquiries may be addressed to H. A. FISCHER 20 AUSTIN HALL, CAMBRIDGE, MASS.

Medical School

A four years' course leads to the M. D. degree. The School offers graduate courses open to holders of the M. D. degree, and in its new laboratories offers greatly extended facilities for research. For catalogues, for graduate and summer courses, for research and special courses, address CHARLES M. GREEN, M. D., 104 ADMINISTRATION BUILDING, HARVARD MEDICAL SCHOOL BOSTON, MASS.

Divinity School.

This is an undenominational school of theology offering instruction leading to the degree of Bachelor of Divinity. Inquiries may be addressed to R. S. MORRISON, 5 DIVINITY LIBRARY, CAMBRIDGE, MASS.

Graduate School of Arts and Sciences

Instruction is offered leading to the master's and doctor's degrees in the following fields: Philology, Ancient and Modern Languages and Literature, History, Political Science, Economics, Philosophy, Education and Fine Arts, Music, Mathematics, Physics, Chemistry, Biology, Geology, and Anthropology. Inquiries may be addressed to G. W. ROBINSON, 11 UNIVERSITY HALL, CAMBRIDGE, MASS.

Graduate School of Applied Science

Instruction leading to professional degrees is offered in the following subjects: Civil, Mechanical and Electrical Engineering, Mining, Metallurgy, Architecture, Landscape Architecture, Forestry, Applied Physics, Applied Chemistry, Applied Zoology, and Applied Geology. Inquiries may be addressed to W. C. SABINE, 17 UNIVERSITY HALL, CAMBRIDGE, MASS.
