Dr. Gill Marries.

One the swellest events of the Boston social season was the wedding of Dr. Benjamin Gill to Miss Ellen Clarke on June 19 in Cambridge, Mass. Dr. Gill has been college chaplain for many years and is Dean of the School of Language and Literature. Miss Clarke is prominent socially in and about Boston.

Dr. and Mrs. Gill spent the summer in California and the Northwest. It is not known when they will return, but it will probably be early in October. This is the first leave of absence Dr. Gill has had for a number of years.

The Athletic Store.

At the end of the last college year, the Co-operative Association store under the management of Mr. H. A. Leitzell was reorganized and hereafter will not be conducted on the co-operative plan. Mr. Leitzell has become the sole owner and has entered into an agreement with the Athletic Association to purchase from him all athletic supplies. In consideration of purchases by the Association and of the good will of its members, a half interest in the net profits will be given to the Association at the end of each college year. Last year, the Association had a deficit of more than \$2000. Through the medium of the Athletic store it will not only be able to pay off this indebtedness, but will also be on a stronger financial basis in the future. The Athletic store is a private enterprise on the part of Mr. Leitzell and the Association has no investments or responsibilities whatever. The Association has full access through an audit committee to all accounts and books of the store, and the regular athletic committee will receive in consultation with a committee composed of the four class presidents, any one having justifiable grievances.

The new athletic store has already met with success and deserves the continued patronage of all members of the association. State enjoys athletics that are good and clean, and to maintain this reputation the expenses of experienced coaches are necessary in every department. With this purpose in view, the Athletic store has been organized, and will undoubtedly help swell the treasury of the association.

The Co operative Association has declared a dividend of six per cent on last year's purchases, payable on the first of October.

L. L. Richart, '07, has a responsible position with an electric lighting company in Bellwood, Pa.

W. F. Cree, '08, is captain of the baseball team and W. W. Smith, '08, of the track team for this college year.
