

Read This!

As it is out of the question for the management to see every student personally within the next few days, all students will be considered as subscribers to the Collegian unless written notice to the contrary is sent to the business manager. It is not only every man's privilege but his duty to support his college paper. The financial footing of the Collegian has been such in the past that only the strong support of the undergraduate body can insure the continuance of the paper and make possible the improvements which are now being contemplated.

The price of the paper for one year is \$1.50, or if paid before Oct. 31, \$1.25. Your subscription can be mailed to the manager or dropped in the door of the Collegian room—323 Main—which will be open on Monday evenings from 7:00 to 8:00, and also on Wednesday evenings from 7:00 to 10:00.

Chemistry Notes.

In keeping with the many changes throughout the college the Chemistry department has made several appointments. Mr. F. J. Kaufman, '06, has been made instructor, after teaching in the Michigan Agricultural College for one year. Mr. G. C. Schaudlee, of Franklin and Marshall, '07, is also acting as instructor, substituting for Mr. Rentschler who is in Germany on leave of absence. Prof. Churchill has returned from his work abroad and is acting in the capacity of assistant professor in Industrial Chemistry.

Again at Her Duties.

Miss Simmons, instructor in German, has again resumed her duties after a course of study in Leipsic University, Germany, and a delightful trip through Italy. She relates some very interesting stories concerning the typical college life in that country and the customs which prevail there.
