

State's Appropriation.

The appropriation bill for the college which was passed by the last legislature was signed by the Governor during last commencement week. The items of the bill were as follows:

Agriculture	\$ 70,000
School of Engineering	60,000
Science Building	20,000
Home Economics	12,000
Women's Dormitory	13,000
New Athletic Field	15,000
Tobacco Experiment	4,000
Mining Department	50,000
Chemistry Department	10,000
General Maintenance	30,000

Total \$284,000

The deficiency bill which was signed on May 7 carried with it \$179,530.92. As the items of this bill have already been published it will be unnecessary to repeat them here. The total amount received from the state is \$403,530.92.

New Attendance Rules.

At one of the largest mass meetings ever held here the proposed changes in the rules to govern attendance at college exercises were taken up at the request of the student board.

The proposal to require attendance at every exercise was not adopted. It seemed to be the general opinion that the old rule was very satisfactory. It was also voted to limit the enforcement of the twenty-four hour rule to the Christmas and Easter vacations and to request that chapel be made optional except one day in each week.

These decisions are, of course, merely expressions of the wishes of the student body and are in the nature of instructions to the student board. This board will take them up with the faculty for final action.

One of our students from a foreign land was heard to ask at the post-office for a one cent open face letter. The P. M. promptly handed out a postal card.
