

The New Skating Rink.

Those individuals who enjoy going on a skate will doubtless be glad to know that the new \$6000 skating rink being built by Knisely Brothers will be opened at Thanksgiving.

The new rink, which will probably be used also as a dance floor, will have a frontage of fifty feet on Beaver avenue and a depth of one hundred and fifty feet. It will be equipped with the Winslow skate, the best obtainable, and it is likely that on the opening occasion the college orchestra will occupy the overhanging stage. The floor is to be constructed of hard maple and will be laid in the best possible manner.

The fact that the rink will be managed by J. S. Knisely gives assurance that the best of order will be maintained.

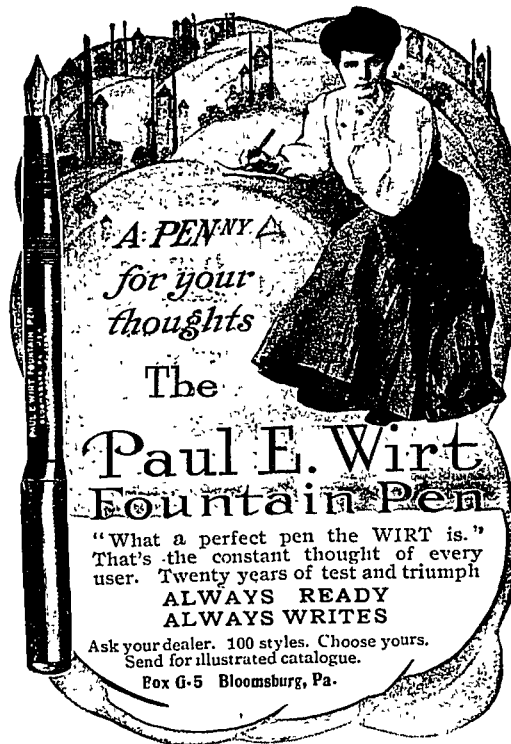

The Local Live Stock Exhibition.

Having in mind, doubtless, the exhibit of live stock at the Bellefonte Fair several persons installed a similar attraction(?) on the first floor of the Main building one night last week. Occupying the center of the exhibit was the new drinking fountain which is to be placed on College avenue. Around this were grouped a number of animals which, although all right in their proper places, were decidedly not in harmony with their present surroundings. Boys will be boys.

INTERCOLLEGIATE NOTES.

Carnegie Tech. has abolished class scraps during the year and will hereafter hold all of the under-class contests in one afternoon. The first affair of the kind was held on last Thursday. The program included wrestling matches, a flag scrap, greased pig chase, running, sack race, closing with a barbecue in the evening.

The authorities of Carnegie Tech. have leased a large house as the beginning of a dormitory system.

We exhibit
Thursday and Friday,
Oct. 17 and 18, at
Nittany Inn
The reigning fall and winter
styles in clothing.

We would like to have every State
College man view this display. The
clothes themselves will impress you
better than any advertisement we
can word.
