

Bellefonte Academy 0—Kiski 0.

On a field so muddy and slippery that fast work was next to impossible, the Bellefonte Academy boys broke even with the Kiskiminetas Springs eleven on Monday afternoon on Beaver Field. The former showed superior work throughout, although the condition of the field placed both at a disadvantage. Fumbles were frequent, while both sides proved somewhat weak in defense. The forward pass was tried successfully twice during the first half. Lyon and Elsey starred for Bellefonte in line work.

Both of the preparatory school games played on Beaver Field this season have been handicapped by the small attendance. While a fairly large number of Bellefonte supporters were along the side-lines, little cheering was done. This was a mistake on the part of the academy boys, since rousing support from the side-lines would have helped materially at several critical times.
