A New Paper.

An event which marks the beginning of a new epoch in the literary life of our college is the publication of a new agricultural monthly, "The Penn State Farmer," the first issue of which will appear in the near future. The paper will be a student publication, the purpose of which is to cover news and all articles of interest in the department. While the venture is a new one, there is every reason for believing that the new monthly will be a success. The following board has been chosen: Editor in-chief, J. A. Runk; Associate Editor, C. E. Myers; Editorial Staff, F. S. Bucher, K. B. Lohmann, J. K. Musgrave, R. H. Thompson, and P. I. Wrigley. The Business Managers are E. H. Hibshman and W. G. Ross.
