

**1908 Memorial Fund.**

At a recent meeting of the senior class it was voted to establish a memorial fund. Before graduation, each member of the class will deposit in the hands of a committee the sum of \$5, the balance of the damage fund will be turned over to the committee, and all money left in the class treasury will also be placed in this fund.

At the commencement of 1915, a committee will be appointed to communicate with the alumni of 1908 to determine what amount each member will then be willing to give towards the memorial. This contribution will be of an amount which each member himself will see fit to give. It is expected that by this scheme a total of at least \$1200 can be secured. At the commencement of 1918, judging by the amount of money obtained, the class will then decide the form of the memorial.

**Clyde Orwig Married.**

The announcement was made last week of the marriage of Clyde E. Orwig, '08 electrical, to Miss Helen A. Rutherford, of Laurelton. The marriage occurred on January 8, but was kept secret until recently. Miss Rutherford has been a student in the department of music of Dickinson Seminary, at Williamsport.

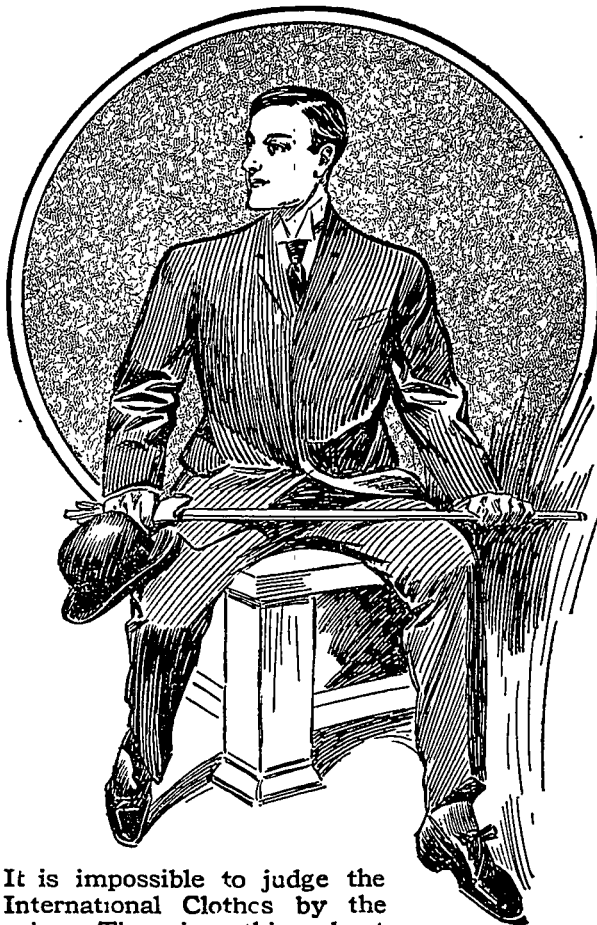

**Was He Head-strong?**

There was a young fellow at State,  
Who sat up every night until late.

When time came for exam,  
He started to cram,  
But could get nothing into his pate.

**A New Chemist.**

Word has been received that Mr. and Mrs. M. J. Rentschler are the proud parents of a new boy, born in Gottingen, Germany, on March 1.

It is impossible to judge the International Cloths by the price. There is nothing about them that is similar to others—so comparison is out of place. They stand alone. *Though* popular priced they are far in advance of those that cost you double. The difference lies in the fact that the International Tailoring Co., of New York and Chicago have different methods and are able to render service of the highest order at a price that none can imitate.
