

had been considered easy winners. The game was fully as fast as the average varsity contest and at no time was either side sure of victory until the end. The freshmen scored first and after that both teams seemed to alternate in scoring, the half ending 11 to 9 for 1911. About the middle of the second half the sophomores obtained a lead which they maintained during the rest of the game. Many good plays were executed which showed the preparation made by both sides. For the freshmen Barnett and Amidon led their team mates in playing, while for the sophomores Humes played a good game at guard. After the game both teams were given a feed at McAllister Hall. The score:—
