"Young man," said the editor to the new reporter, "you lack caution. You must learn never to state a thing as a fact until it has been proved a fact. You are apt to get us into libel suits. Do not say, 'The cashier stole the funds.' Say, 'The cashier who is alleged to have stolen the funds.' That's all,—oh, get something about that First ward social tonight."

The next day, half way down the social column, the editor saw the following cautious paragraph:

"It is rumored that a card party was given last evening to a number

of reputed ladies of the First ward. Mrs. Smith, gossip says, was the hostess, and the festivities are reported to have continued until 11.30

in the evening. The alleged hostess is believed to be the wife of John Smith, the so-called 'high-priced grocer.'"—Success

The 'Varsity Backstop

A Catcher on a college nine cannot be too careful about the Mitt he uses—the *Big Game* may depend on his ability to hold the ball. The majority of 'Varsity Backstops, like the majority of the great League Catchers, use

Reach

Catchers' Mitts

The arrangement of padding and deep hollow holds the ball every time. Reach Catchers' Mitts are made in rights and lefts, and range in price from 25c. to \$8.00 each.

The Reach Ball

has been adopted by the great American League for a ten year period. It is also used by all the big 'Varsity and Prep. School Nines.

The Reach Guarantee

The Reach Trademark on all Sporting Goods is a guarantee of quality. It means satisfaction, a new article or your money back (except on Balls and Bats under \$1).
