usefulness in the college government, and he intends to work with them in every way. He wants the students themselves to take the initiative in regulating college customs which work toward the detriment of our college.

He spoke enthusiastically of our athletics. He ended with a plea that all difficulties be brought to the mass meetings and discussed by both sides and settled by compromise.

Prof. Gilmore to Leave.

Prof. John W. Gilmore of the School of Agriculture has been appointed President of the College of Hawaii. This institution was organized by act of legislature in 1907, and receives a federal grant of \$30,000 from the United States government. The Hawaiian legislature has also appropriated \$25,000 additional for the maintenance of the College. The faculty for this new institution,

which will consist of about twenty members, will be selected by Prof. Gilmore. He will complete his year here at State and will leave to take up his new duties about August 1. The new field of usefulness into which Prof. Gilmore is going is very great and the salary which goes with it makes the change very profitable from a financial standpoint.

Next Year's Debate.

The question chosen for the debate with Swarthmore in the first of the intercollegiate debates for next year is as follows: "Resolved, that all corporations engaged in interstate commerce shall be required to take out a federal charter on such terms as Congress may by law prescribe, conceded that such legislation would be constitutional." State has the choice of sides and must notify Swarthmore as to this choice within two weeks.

The debating club is very optimistic in regard to next year's work. President Sparks has signified his desire to see the work progress, and his name has been presented for membership. With the hearty cooperation of the English department and of President Sparks, the outlook for the future is hopeful.

Association Items.

The Subject for the 6:15 meeting on Sunday evening is "Christian Theory and Practice."

All those interested in the work of the Association are invited to meet in the Main building at 1:30 p. m. next Sunday. The party will walk to some suitable place in the fields near the College and hold an open air discussion concerning the work of the Association for the next college year. If the weather is unsuitable, this conference will be postponed until the following Sunday afternoon.
