

### The Class of 1908.

The class which graduates from State this year numbers 127 men. The class of 1906 graduated with 87 men, and that of 1907 with 130. The present class, which entered as freshmen in 1904 with 236 men, compares favorably with the 1907 class, which entered in 1903 with 290 men and graduated 130. Of this year's 127 graduates, 12 entered as sub-freshmen.

As in former years, the majority will graduate from the Engineering department as technically trained engineers. The Electrical department graduates 41, the Mechanical department 18, the Civil department 26, the Mining department 23, and the Chemistry department 12. There are also five in Agriculture, one in Mathematics, and one in the Philosophy course.

The members of the class are evenly distributed throughout the state, all but fourteen of the counties being represented. Reading sends nine men, Harrisburg five, Altoona and Wilkes Barre each four, Scranton three and Williamsport one.

The average age of the members of the class is 23 years 6 months. H. M. Braucher is the only married member and, singularly, the class has no co eds. The four presidents have been W. T. Dunn, E. H. Leathers, W. B. Geise, and J. S. Ritchey.

The class has been interested in every branch of college activities. It has been represented in both literary and musical circles and especially has aided in the promotion and strengthening of State's athletics. W. T. Dunn, the center on the All-American football team for 1906 and holder of the college record for the hammer throw, has always been a brilliant athlete. Besides Dunn, Burns, Ritchey, Campbell, and Wright have also won the varsity "S." The baseball "S" has been won by Cree,

track "S" has been allotted to Dunn, Smith, Zink, Campbell and Harding.

The class has had a very successful career. Upon every occasion, it has endeavored to perform its duties for the best interests of the college and will graduate with the satisfaction that it has accomplished some good while here. When out Haverstick and Morgan, while the

in the world, its members will ever keep in mind the love which they owe to their Alma Mater and will always exhibit a spirit of helpfulness for her best welfare.

J. E. Isenberg, '02, and wife are rejoicing over the arrival of a daughter. Mr. Isenberg has for some time been in Pittsburg with the Armstrong Coke company.

To the Students and the Faculty.

We take this means of extending our many and appreciated thanks for the large patronage you have seen fit to give us the past year.

To those who are to return we wish to state we are preparing for their future wants and trust to merit their continued patronage.

So those whose term at State College is at an end we wish success.

Many former State men find they derive more satisfaction in ordering by mail from the Sim store than they get in personal selections at other stores. We wish to announce that we give our best attention to such mail orders. No matter where you are you can still consider this your store—A young man's store—by mail we can still serve you.
