

## COLLEGE NOTES.

Dr. and Mrs. Erwin W. Runkle spent the summer in Iowa and Illinois.

Prof. and Mrs. J. P. Jackson spent a few days in Atlantic City and Philadelphia.

Prof. C. D. Fehr traveled throughout the state in the interests of Penn School, of Chambersburg.

Dr. and Mrs. Benjamin Gill enjoyed seven weeks of the summer vacation at Lookout Mountain, Tennessee.

Miss Nettie Cook, '07 was married at her home in Bellefonte to Ben R. Curry, of Beaver. Mr. Curry was a former instructor in the Chemistry Department.

Miss Susan K. Becker has returned to the library after a year's absence and will take the place of Miss Bradley, who has been granted a year's leave of absence to study in Europe.

W. C. Patterson, superintendent of grounds and buildings, was appointed by Gov. Stuart as a delegate to the Farmers' National Congress which met in Madison, Wis., on Thursday of this week.

Prof. F. L. Pattée and family visited at their former home in Bristol, New Hampshire. A part of the time was spent with a former State man, Prof. Monroe, at his cottage on Lake Winnepesaukee.

Christian D. Herr, a prep of the 1910 class, was drowned in the Conestoga river at Rank's mill Saturday, July 25. Private services were held at his home, 411 W. Orange St., Lancaster, and in the afternoon at the church where nearly 1500 people were gathered.

Dr. Samuel G. Dixon, state commissioner of health, has been secured by Dr. Thomas F. Hunt, to deliver a lecture on tuberculosis in relation to human health during Farmer's week next winter. Dr.

A. R. MEEK, ☉ House

Leonard Pearson, of the University of Pennsylvania, will lecture during the same week on bovine tuberculosis in relation to human health. Each gentleman is a recognized authority upon the subject he treats.

Dean and Mrs. J. P. Welsh spent a month during the summer vacation in a trip to England. Ten days were spent in the passage each way, in order that the rest which is incidental to an ocean voyage might be fully enjoyed. They landed at Liverpool, afterwards visiting Chester, Stratford-on-Avon, Oxford, and

the principal places of interest in London. One day was spent at Hampton Court and one day at Shepherd's Bush, where the Olympian games were in progress.

Prof. J. W. Gilmore who last year was head of the Department of Agronomy is now acting as president of the Agricultural and Mechanical college of Hawaii. He took with him three State graduates as assistants. W. G. Ross '08 is head of the Agronomy and Horticulture Department. Jerome J. Morgan '05 is head of the Chemistry and Physics Department with R. C. Severance '08 as his assistant.
