

T. B. Breneman, of Purdue university, Lafayette, Ind., to be associate professor of mechanics and materials of construction.

Charles Armsby, a graduate of the Pennsylvania State college, with several years of engineering experience, to be instructor in drawing.

Howard P. McMillan assistant chemist in the department of experimental agricultural chemistry. Mr. McMillan is a graduate of the class of '08.

1910 Class Meeting.

At a meeting of the junior class on Tuesday evening G. E. Ogilvie and W. R. Lams were elected to the Student Board. Eight other men were elected to the Student Council of twenty-five, and the members of the Council, in addition to the two named, are as follows: D. K. Sloan, J. M. McKee, R. Buka, L. M. Fisher, A. W. Fisher, E. W. Stitt, J. E. Platt, and C. A. Schnerr.

A step was taken which deserves hearty commendation, namely, the establishing of a 1910 loan fund. The balance due for the past two years on the damage deposits of the members of the class, amounting to about \$1300, has been taken to form the nucleus of a loan fund. During the next two years this will be loaned to members of the class, and after that time to students by a method which will probably be similar to that of the college fund. The deposits for the coming two years will also be added to it, making the amount available considerably more than \$2000.
