

moreland Coal company, of Pittsburgh, Pa.

During the past two years, he has been connected with the Civil Engineering Department of Purdue University, in charge of the sub department of Hydraulics. His work at that institution was estimated highly by his colleagues, and he has had a strong influence with the student body.

#### New Republican Club Organized.

A meeting of the Republican student voters was held in the Old Chapel on Monday evening and amidst great enthusiasm a Republican club was organized.

The objects of the organization are to stir up political enthusiasm and awaken voters to the issues of the campaign, and to try to induce more men to go home for the November election. A liberal supply of campaign literature and badges had been provided, and the voters are without doubt well informed by this time on the issues of the campaign.

The new club will apply for membership in the state and national leagues of Republican clubs, and it is probable that speakers from both of these leagues will visit the College within a week or two.

The registration at the first meeting was 170, and others have since joined. The officers elected are as follows: president, R. M. Pennock; vice president, J. W. Loose; secretary, C. Henry; treasurer, L. M. Fisher; marshal, H. J. Bennett.

#### AMONG OTHER COLLEGES.

Bates College opened with a freshman class numbering 134.

The enrollment at Yale this year is 3600, about 200 more than last year.

More than a million and a half of dollars will be spent for new buildings at Princeton this year. The new structures will include a Physical

laboratory, a laboratory of Biology and Geology, new houses for the Cap and Gown and the Colonial clubs, and several new houses for members of the faculty.
