FOR THE FREE EDUCATION OF BOTH SEXES

Schools of Language and Literature, History, Mathematics and Philosophy, Agriculture, Natural Science, Engineering, Mines and Metallurgy, offering courses of study in all branches of the Arts and Sciences. For further information address

THE REGISTRAR, State College, Pennsylvania

Faculty Meeting.

At the meeting of the General Faculty last Thursday evening, the following actions of importance were taken:

A committee was appointed to embody in some suitable form the sense of gratitude and appreciation which the College feels toward Mr. Andrew Carnegie in view of the additional sum which he has given to the foundation for the advancement of teaching.

The committee of Athletics recommended the adoption of a rule which would give it jurisdiction over all athletic contests, and would require all schedules for such contests to be submitted to it for approval or modification before going into effect.

A committee was appointed to determine what should be the minimum number of hours which a student should be allowed to schedule for work.

The petition from the Junior class requesting exemption from final examination for those who have a class grade of 85 or over was received and laid upon the table for future consideration. A committee was then appointed to examine into the merits of the petition and report.

A committee was also appointed to recommend some modifications of the present method of dealing with absences from recitations.

As a board of appointments for the Trustee scholarships for the ensuing year the following were an-

nounced: The president of the College; Mr. Goiden, the director of physical education; Prof. Agee, the chairman of the Faculty Athletic committee; and Prof. McDowell, a resident alumnus. The board announced that the scholarships had been assigned for the coming year to the following persons, who thus become residents of the Track House:

Howard Mittinger, L. Vorhis, Charles Hirschman, E. R. Cyphers, E. Workman, E. McCleary, H. H. Bubb, E. J. Lynch, Charles Bray, B. M. Herman, R. M. Smith, Alex. Gray, H. A. Weaver, A. T. Kelly, Blythe Watts, L. M. Nagle, Stuart Harrington, P. F. Barr, D. K. McClelland, Victor Ballou, W. D. Barnett, Thomas W. Piolet.

Edwin Webber was elected to the Louise Carnegie Sophomore scholarship, which was resigned by Abraham Wasser because he is no longer a student at this institution.

A complaint was made against holding athletic contests on Beaver Field during class hours. It was announced that contests of this kind are permitted only after 4.15 p. m., or on Saturday afternoons.

Announcement was further made that absences from recitations incurred by students at the second hour on Monday, October 12, be counted as unexcused for those who absented themselves to participate in the football celebration; absences during the first hour by students

leaving classes would be cared for by the executive.

CALENDAR.

In order that the Calendar may be made as complete as possible, all College organizations are urged to hand in notices of meetings.

THURSDAY, OCT. 22
