New Plans.

On October 30th the school of history, mathematics and philosophy and the school of language and literature held a joint meeting in the old chapel for the purpose of considering means for the advancement of the interests of these schools. President Sparks opened the meeting by stating his ideas as to the position which these schools should occupy in the work of the college. Dean Gill was then chosen chairman and proceeded to outline a course necessary for the accomplishment of the desired end. Other valuable suggestions were offered by the heads of departments and an interesting discussion followed. President Sparks also stated that it was the intention of the college to issue bulletins in March, April, May and June and that one of these would be devoted to the interests of these two schools.

Other meetings will be held from time to time and it is hoped in this way to devise means for increasing interest in academic studies and for

strengthening these schools that they may play a more important part in education here.

Farmers' Train Run This Week.

The farmers' special train which was run over the Pennsylvania railroad, in conjunction with the agricultural department of the college, left Philadelphia on Tuesday for the three days' trip. Twenty-one stops were scheduled, and at each of these talks were given on dairy profits, soil fertility, alfalfa, and corn. The cars were fitted up as lecture rooms, the farmers taking seats in them at each stop.

On Tuesday and Wednesday evenings, sessions were held at Avondale and Downingtown, respectively. The following men represented the college on the trip: Dean Hunt, and Profs. Agee, Van Norman, Gardner, Shaw, and McDowell.

A Musical Concert.

Miss Atherton wishes to announce through the Collegian that she has secured the services of a very fine mixed quartette and a pianist from New York City, to give a concert in the Auditorium on Monday evening, Dec. 7th.

A rare musical treat can be guaranteed, as these singers and pianist come very highly recommended, and Miss Atherton can testify to a personal knowledge of their ability.

The proceeds of the concert will
