

certain individual right to the senior class of exemption for the entire year, and, at the same time, will give the junior class the same right as it approaches the rank of senior."

**The Regimental Review.**

The annual Pennsylvania Day review of the cadet regiment proved eminently satisfactory to everyone connected with the military department. The reviewing officer was Major General John A. Wiley, of Franklin, Pa., who is at the head of the national guard of Pennsylvania. He was assisted by Col. Jefferies and Col. Taylor, who is in command of the Fifth Regiment. With Col. Taylor were the members of his staff, Captains Locke, Robison, Hayes, and Hunter.

Gen. Wiley congratulated Commandant Hay heartily on the appearance of the regiment, and was especially pleased with the steadiness of the men during the entire review. Not a single movement or unsteadiness was noticed during the time that the regiment was in line, and with 650 men in ranks this is no small cause for a feeling of satisfaction on the part of the Commandant.

The fact that all of the companies are much larger than usual this year made it much harder to keep a steady line while marching in review. The lines were up to the standard, however. The total enrollment in the military department this year is 686. If the work on Friday is a factor in the Washington trip, as it undoubtedly will be, the men interested have cause only for satisfaction.

Guy F. Merris '07

Guy Merris '07, who died suddenly about ten days ago at his home in Du Bois, was twenty four years of age. He was born in Du Bois and had lived there all his life except for the time spent in school and college. Before entering State

# Holeproof Sox

Six pairs for \$1.50

Guaranteed for six months & Replaced free of charge if unsatisfactory

The Athletic Store

## A Special Raincoat \$15

Made of Rubberized Cloth. Comes in tans and steel colors only

Ready to wear and made to measure clothing. Complete line of men's furnishings

### Here's Where we Tickle Your Feet

A new sock which won't wear out nearly as soon as those made in the ordinary way. The difference between these and other socks lies in the

which give strength where strength is needed
