

**Basketball News.**

Tomorrow our basketball five will play Wyoming Seminary in the first of six home games that should prove the best series that ever took place on the Armory floor. Bucknell, Allegheny, F. & M., the Pittsburg Collegians and Swarthmore in the order named are the other fives which will meet the white and blue here after the Wyoming aggregation appears on Friday night.

With Captain Funston out of the game and several other players in a crippled condition our team lost three games on its first eastern journey. The University of Pennsylvania triumphed 30 to 23 on Dec. 15th at Philadelphia, Georgetown won from Captain Funston's five 42 to 26 one night later and the Harrisburg Athletic Club returned the compliment handed it on our own floor earlier in the season by winning 28 to 26 over the white and blue on Dec. 17th at the Capitol City. With a record of winning only one of the first four games played, manager Lindemuth's team is now determined to finish the season strongly in true State fashion and interesting developments can be expected in the approaching games.

**Dr. McAllister Here.**

The electrical department is fortunate in securing for this week Dr. A. S. McAllister, of New York, associate editor of the *Electrical World*. He is lecturing each day before the seniors and juniors of the department.

Dr. McAllister, a member of the State class of '98, has become well-known as a writer and lecturer on engineering subjects. Three years after graduation here he received the degree of E. E. and about the same time the degree of M. E. at Cornell, where he taught for four years. Since 1905 he has been with the *Electrical World*.

He has made a number of inven-

tions in electrical machinery, and is the author of the text book on "Alternating Current Motors" which is used here. He is a member of a number of engineering societies.

**"Tommy" Fennell Secures Good Appointment.**

The many friends of Coach Thomas F. Fennell will be pleased to learn that he has been chosen deputy secretary of state for the state of New York, with headquarters in Albany. The position is a good one, and the new deputy is to be congratulated on securing it.

**Library News and Notes.**

From Mr. Kline, Instructor in Physics, the Library has received the First Annual Report of the New York Public Service Commission.

Mr. J. E. Quigley sends "America" and items of Spanish American interest. The Library has repeatedly profited by the generosity of Messrs. Quigley and Affelder.

The Historians' History of the World, 25 volumes, handsomely bound, has been placed upon the Library shelves. The set is the gift of Mr. S. W. Niederhouser.

One college man after another has learned that

**FATIMA**  
TURKISH  
CIGARETTES

are just the kind he likes, and has told his friends about them. Thus their popularity grew until today "Fatimas" are very popular among college men everywhere.
