

From this it will be seen that the actual loss in the football season was in the neighborhood of \$316.51 without using any of the student assessment. Giving to this Department 35 per cent of \$4000.00 student assessment or \$1440.00 Mr. Postlethwaite has closed his season with a credit balance of \$1123.49. Of course this is assuming that all of the board bills due the Track House will be paid.

While there is reason to be proud of this splendid showing in the Football Department it is already apparent that baseball, basketball and track will probably overrun their allowance. Thus it will be seen that the saving in the Football Department last fall represents most of the money required to pay old bills for previous years. It might be added here that the orders aggregating \$1363.01 charged to the football account for the use of the track house represent the amount that the training table has cost in excess of what the men in training paid in. It was more expensive than we anticipated but the price of food stuffs was much higher last fall than ever before and we have entered no credits here for the boarding of all visiting teams, trainers and coaches at the track house; these latter amounting to a considerable sum.

Robert Davis a Strong Speaker.

Robert Davis, of the Brick Presbyterian church of New York, held the interest of his hearers last Sunday at the three meetings at which he spoke and at the different fraternity gatherings. Mr. Davis has a strong personality which cannot fail to hold everyone who meets him.

At the evening meeting the Northfield conference was described by a number of the men who have been there. A strong effort will be made this year to have forty or fifty men represent the college at this conference, which meets in July, just after summer school.
