

Tomorrow's Field Meet.

New Castle High School, Du Bois High School, Dickinson Seminary, Juniata College Prep, Milton High School, Radnor High School, and Berwick High School have all sent in their entries for the track meet at the dedication of the New Beaver Field. Shadyside Academy, Kiski, Wilkes Barre High School, Scranton High School, Wyoming Seminary and Middletown High School have all signified their intention of being represented here on May 7, but none of these schools have yet stated how many men they will send or in what events they will be entered. It seems likely that between sixty and seventy five prep school knights of the cinder path will compete for the excellent medals presented by our New York alumni. Such a result is good considering that this is State's first prep-school meet, an event which is to take place here annually in the future. Again, Franklin and Marshall, Tome Institute and Yale are all holding meets next Saturday and schools that will probably come to our meet in future years are scheduled to appear at these other places on Saturday because our invitations were necessarily sent out late this year. At any rate we can entertain our visitors tomorrow in the best way possible and make our first meet successful even though a record breaking number of entries has not been received.

Press Club.

After considerable trouble in getting the mailing lists of the Press Club started, everything now is running in good order. Material is now being sent out to all the principal papers throughout the state. It is proposed to have the articles set in galley form so that they can be used by the various newspapers with but little trouble to them.

All the former special writers for certain dailies throughout the state have merged their interests for the

most part in the Press Club, and expect to model their contributions as the executive committee sees best. This cooperation is absolutely necessary for the best working of the club. After the present correspondents leave college they will be succeeded by men who prove their worth in assignments which they have received while in the association.

The Press Club has a chance for great work in the college which can only be secured by the hearty cooperation of the whole student body. Membership is open to all students in the college.

Game at Cornell Not Played.

Rain prevented the game at Ithaca last Saturday and thus added to our baseball woes. Struggles with Pennsylvania and Princeton were called off on the same account earlier in the season and as the White and Blue had confident hopes of winning at least two out of three of these "big" contests, there is some cause for the gloominess. Finally Lafayette's

manager cancelled their game here for yesterday because of faculty action and our total of six games prevented out of the first twelve scheduled is considered as a great imposition from the weather man.

Tomorrow afternoon, following the finals of the Interscholastic Field Meet, a game will be played with Dickinson on the New Beaver Field. Last year it took Captain Cree's sturdy nine thirteen innings to beat the Carlisle people with Langstaff in the box; and with the same good twirler to work this year the Red and White appears to believe it can triumph. So far, Dickinson's team has defeated Ursinus and other good teams and has been winning with fair regularity, so that it can be counted on to put up a good battle tomorrow afternoon.

The total enrollment of 5,675, places Columbia as the largest university in the United States.

The effort of Columbia to establish boxing as an intercollegiate sport has failed entirely.

Reach

Catchers' Mitts

The kind worn by Kling, Powers, Moran, Schmidt, and all the best catchers now in fast company. The Reach Patent Lacing is used on these mitts—the original and only practical lacing device whereby padding can be adjusted to player's fancy. Holds the ball every time.
