FOR THE FREE EDUCATION OF BOTH SEXES

Schools of Language and Literature, History, Mathematics and Philosophy, Agriculture, Natural Science, Engineering, Mines and Metallurgy, offering courses of study in all branches of the Arts and Sciences. For further information address

THE REGISTRAR, State College, Pennsylvania

COLLEGE NOTES.

The method of awarding the scholarships and fellowships of the college has been changed by faculty action to the following: One fourth of the membership of the class to which the honor is to be assigned shall be certified by the registrar as showing the highest scholarship during the college course as far as pursued. From this list the class shall select five candidates for each of the positions to be filled from that class. The Faculty Committee on Scholarships shall then choose one of these candidates from each five presented, basing the selection on scholarship, and taking into consideration qualities of character and general attitude toward the college. These nominations shall then be presented to the president of the college for approval or disapproval, and when the nominations are finally approved, they shall be ratified or rejected by the faculty.

Miss Elizabeth B. Bower '09 has recently brought additional honor to Penn State by winning the \$50 prize offered by the Daughters of the American Revolution for an essay on "Philadelphia as the Seat of Government." This contest was open only to senior girls in the colleges of Pennsylvania. Miss Glenn '06 won the same prize three years ago.

In order to accommodate the

members of the freshman and sophomore classes who have heretofore been compelled to remain at the college until Tuesday of Commencement week on account of the military drill, the drill has been set forward to Monday of Commencement week at 10 o'clock. This will permit all who desire to leave on the noon train on Monday.

According to the action of the Council, students now taking special courses will be placed in the regular four years' courses as rapidly as possible, and no student entering a regular course will be permitted hereafter to become a special student.

By action of the Council of Administration, the afternoon of Friday, May 7, has been declared a holiday in connection with the dedication of the athletic field.

The preacher for next Sunday will be Professor John L. Stewart, representing President Drinker of Lehigh University who is unable to come.

Dean Hunt has been appointed as a delegate to the Seventeenth National Irrigation Congress to be held August 9-14, inclusive, at Spokane, Washington.

Professor Pattee goes to Cornell for the purpose of serving as Judge at the Woodford Oratorical Contest at that University.

Mr. A. K. Shearer '10 was called away Monday by the sad death of

his father. The sympathy of the college is with him.

The junior class has made the following nominations for officers for next year: president, J. H. Harrison, L. F. Vorhis, W. R. Lams, E. W. Stitt, B. V. Von Senden; vice president, F. H. Berkebile, H. M. Patton, J. R. Taylor, F. H. Johnson, B. M. Hermann; secretary, C. R. Steele, H. Morgan, J. L. Sherrick; treasurer, J. H. Graber, J. F. Mattern, R. E. Disque.

The girls at the ladies' cottage have been rehearsing and drilling for some time on a play to be given soon in the Auditorium. Fellows who have seen the same play produced at other places say that it is sure to make a big hit.

A. L. Fretz '10 is confined at the infirmary with the measles.

CALENDAR.

In order that the Calendar may be made as complete as possible, all college organizations are urged to hand in notices of meetings

FRIDAY, MAY 7.

1:00 p. m. Procession and Dedication exercises for New Beaver field. Assembly on the Old field.
