

the coming interclass track meet will furnish a strong incentive for men to go out for this event, which is now put upon a much higher footing than ever before. Owing to the lateness of the date in getting the rules drawn up, the handicapping in the approaching field event will be done by the director of athletics, the track captain and the referee, Prof. Wright; such a system is bound to make the meet more close and interesting. Next Saturday track trials for the Intercollegiate Meet at Harrisburg on May 29th will be held on the new track and class men should get out for this, since the Interclass Meet is close at hand.

The Horticulture and Soils Trip.

The Junior and Senior members of the courses in Horticulture and Soils leave here today for an inspection trip which will last one week. On Friday morning both sections will take the train for Frazier from Broad Street Station in Philadelphia, and study the various soil types in Chester county. On Monday the two groups are planning to split, the Soils men to direct their course towards Washington and Baltimore, while the Horticulturists will travel up through New Jersey and Long Island.

More candidates for the business staff of the Collegian are urged to report at the Collegian room next Wednesday evening at 6:30 p. m.
